

What was good about the session?

- ⇒ The session was very informative with respect to the project development methods
- ⇒ There was a detailed explanation on different project development methods
- ⇒ Hands-on events were organized to better understand the roles involved in a Scrum team

What was not good about the session?

- ⇒ There was nothing bad about the session

What could be improved?

- ⇒ A little more time could be given for everyone to catch up and understand everything in detail
